Rho Lambda

EXPERIENCE

Amazon Robotics – UX Design Intern

Westborough, MA | May - Aug 2024

Collaborated with engineers to develop an intuitive React-based UI for a robotic teleoperation system. Assisted in an additional project, updating the UI for a last mile delivery system two weeks ahead of schedule for successful implementation before mock delivery trials.

Startup – UX Designer

Boston, MA | Oct 2023 - Mar 2024

Developed intuitive wireframes in Figma, effectively communicating the UX flow to diverse users. Developed marketing and branding to reflect the target audience and brand story.

Optum – Software Engineering Intern

Boston, MA | Jun - Aug 2023

Contributed to the development of a data validation tool designed to flag discrepancies between APIs. Spearheaded the frontend development, ensuring a user-centered design approach.

Liberty Mutual – TechStart Intern

Portsmouth, NH (Remote) | Jun - Aug 2022

Implemented a comprehensive user feedback process that collected insights from 100+ employees, resulting in more intuitive website interface options presented through wireframes.

PROJECTS

Visualization & Behavioral Economics - UX Architect

WPI Senior Major Qualifying Project | Aug 2024 - Present

Collaborating on a team of four to study how visually representing data impacts judgment and decisions. Developed unique data visualizations to represent complexities of student loan debt and repayment.

Logic Loom - UX Researcher & Designer

HCI Course Project | Jan - Mar 2024

Crafted an innovative app concept through brainstorming, storyboarding, research, and interviews. Prototyped using Figma and evaluated with Nielson's Heuristics. Awarded best design, most impactful, most innovative, and overall excellence.
