Rho Lambda

EXPERIENCE

Amazon Robotics – UX Design Intern

Westborough, MA | May - Aug 2024

Primary UX designer for AR's Innovation Lab involved in two projects. Collaborated with robotics and software engineers to develop user-centered interfaces. Owned the products' research, prototyping, and frontend development to pioneer the design direction.

Startup – UX Designer

Boston, MA | Oct 2023 - March 2024

Developed intuitive wireframes in Figma, effectively communicating the UX flow to diverse users.

Optum – Software Engineering Intern

Boston, MA | Jun - Aug 2023

Contributed to the development of a data validation tool designed to flag discrepancies between APIs. Spearheaded the frontend development, ensuring a user-centered design approach.

Liberty Mutual – TechStart Intern

Portsmouth, NH (Virtual) | Jun - Aug 2022

Analyzed internal websites to pinpoint a more optimal user experience. Designed wireframes in Figma to visualize proposed changes.

PROJECTS

Visualization & Behavioral Economics - UX Architect

WPI Major Qualifying Project | Aug 2024 - Present

Collaborating on a team of five to study how visually representing choices impacts decisions and behaviors.

Logic Loom - UX Researcher & Designer

HCI Course Project | Jan - March 2024

Crafted an innovative app concept through brainstorming, storyboarding, research, and interviews. Prototyped using Figma and evaluated with Nielson's Heuristics. Awarded best design, most impactful, most innovative, and overall excellence.

Outlook - UX Researcher & Designer

User Experience Design Course Project | Aug - Dec 2023

Reimagined Outlook's use case for student experience.
